

IST 263 Project Milestone 1

Name: Jiachen Li

Description: Submit a description below of the idea for your website project. This proposal should be 50-100 words.

I plan to create a 3 pages travel guide website showcasing my hometown's unique charm to attract visitors. The site will feature the town's history, culture, local cuisine, and recommended travel routes. The first page introduces the city's historical background and cultural heritage, the second page explores local dishes and markets, and the third page highlights must see attractions with suggested itineraries.

3 Pages: Include some information about what will be on each of the three pages in your website.

1. What will be on the home page?

My first page introduces the rich history and cultural heritage of my hometown. It will feature an overview of its origins, key historical events, and notable cultural figures, accompanied by historical photographs and engaging descriptions. Visitors will learn about local traditions, festivals, and unique cultural practices that define the identity.

2. What will be on the 2nd page?

Second page takes visitors on a culinary journey through the city's best known dishes and markets. I will highlight local specialties with vivid descriptions and mouthwatering images, explaining the ingredients, preparation methods, and flavors. Additionally, I will provide insights into popular local markets, including their unique atmosphere, offerings, and must visit food stalls.

3. What will be on the 3rd page?

Last page showcases the must see attractions of my hometown, offering detailed descriptions and photographs of each site. It will also include a map with suggested travel routes, such as walking, biking, or driving tours, to help visitors plan their trip efficiently. Practical travel tips and real life stories from past visitors will enhance the overall experience, making this page both informative and inspiring.
