Please paste your project description from Project Milestone 1 here (or most current if you've changed your project idea).

I plan to create a 3 pages travel guide website showcasing my hometown's unique charm to attract visitors. The site will feature the town's history, culture, local cuisine, and recommended travel routes. The first page introduces the city's historical background and cultural heritage, the second page explores local dishes and markets, and the third page highlights must see attractions with suggested itineraries
